

## Spring Hose (Clear Hose)

Heavy-Duty transparent PVC Hose reinforced with high tensile carbon steel helix. Excellent resistance to pressure vacuum and abrasion. Highly flexible to wide range of temperature.

### Application

- Suitable for oil and chemical resistance applications.
- Ideal for pumping and transferring of liquid, power and granular material.
- Exceptionally tough and durable for heavy-duty industrial applications.
- Extensively used for suction and discharge - public utilities, drainage, ships, silos, and irrigation plants.

Excellent Pressure  
Resistant

Superior  
Abrasion  
Resistant And  
Durability

Excellent  
Flexibility

Excellent For  
Fluid Conveyance

Excellent  
Transparency
